10th SAEINDIA INTERNATIONAL MOBILITY CONFERENCE 2022
Sustainable Multi-Modal Mobility Ecosystem

OCTOBER 12 - 14
Hilton Bengaluru Embassy
Manyata Business Park

#SIIMC2022
In affirmation of its commitment to knowledge dissemination for Mobility professionals and practitioners, SAEINDIA is pleased to announce its 10th SAEINDIA International Mobility Conference (SIIMC 2022). SIIMC has been the flagship biennial event of SAEINDIA since 2000. The content for each edition of SIIMC is carefully crafted to cover the latest technology in mobility industry with a focus on the future trends. SIIMC 2022 will be held from October 12th to 14th at Bengaluru in Phygital mode.

The future transformation of the mobility industry will be holistic in nature and not in selected sectors. The future will be driven towards Multi-modal transportation – the integrated use of several different forms of transport will determine our travel not only between cities but even for transportation within the cities and societies. This will mean integration of diverse technologies like telecom, communication, remote sensing, AI & machine learning etc., for providing wholesome mobility for the society. Keeping this in mind the theme for SIIMC 2022 will be:

“Sustainable Multi-Modal Mobility Ecosystem”

The conference is expected to be widely attended by over 600 – 700 mobility experts, entrepreneurs and leaders from across the mobility segments including professionals from R&D, manufacturing and services along with faculties, students and independent researchers. The conference will also have a concurrent exposition and technology theatre which are expected to have footfall in excess of 1000.
TOPICS ON FOCUS

- Autonomous & Connected Vehicles
- Emission, Environment & Sustainability
- Manufacturing, Materials & Lightweight Solutions
- Simulation and Testing
- Standards, Policies & Regulations
- Vehicle Dynamics, Active Safety & Control
- Vehicle Electronics & Software
- Hybrid and Electric Vehicles
- 5G Technology and Applications
- Hydrogen and Fuel Cells
- Urban Air Mobility

TOPICS FOR IDEATION

- Hyperloop Application
- Inland Water Transport
- Urban Mass Transit System
