SAEINDIA WS & ELEATION Presents
Online

Skill Development Program for Engineering Students on CAD Designing tool

Software : CREO

Module 1 : Fundamentals of Design with CREO Software

Course Duration : 4 Weeks, Timing: 6:00 PM to 7:00 PM

Date: 14th Sept to 14th Oct

COURSE CONTENT :(MODULE 1)

1. Detailed Basic To Professional Theory of CAD(Design)
2. Advance level of sketching options
3. Generating solid models (3D Part Modelling) for Engineering Assembly.
4. Creating professional Assemblies
5. Defining and understanding the concept and uses of Mechanism

SCHEDULE PLAN

- Four days per week
- Free Licensed version software will be provided
- Training Hours: 35 Hours
- E-Certificate for the Participants

Upcoming Course Schedule
Module 2 in Oct 2023
Module 3 in Nov 2023

- **Module 2 Course Content**
1. Understanding and Creation of Sheetmetal and Plastic Industrial Models
2. 2D and 3D part modeling as professionals.
3. Generating complex assemblies as per industry standards.
4. Understanding Advance level of mechanism

Course Fees (Module 1)
including 18% GST
**For SAE Member ₹ 1,298**
For SAE Non member ₹ 1,888

HURRY UP!

LIMITED SEAT
It is only for the first 100 registered students.
