LET'S TALK ABOUT THE FUTURE

About OffTeCON

OffTeCon is the off-highway technology conference, being organized by SAEINDIA Off-highway Forum, on a biennial basis.

OffTeCon will convene and connect high-tech and engineering professionals, from every facet of off-highway industry, by celebrating technology breakthroughs and wins, engaging in key and critical conversations, sharing practical solutions and premier technical information, gaining invaluable insight into modern and future Off-highway, technologies and opportunities.

SAEINDIA is India's leading resource for mobility technology. As an individual member-driven society of mobility practitioners, the ownership of SAEINDIA lies with its members who are Individuals from the mobility community, which includes Engineers Executives from Industry, Government Officials, Academics and Students.

SAEINDIA is a strategic alliance partner of SAE International registered in India as an Indian nonprofit engineering and scientific society dedicated to the advancement of the mobility industry in India.

SAE International is a global association of more than 128,000 engineers and related technical experts in the aerospace, automotive and commercial-vehicle industries. Our core competencies are life-long learning and voluntary consensus standards development.

SAE International's charitable arm is the SAE Foundation, which supports many programs, including A World In Motion® and the Collegiate Design Series.

About Off-Highway board:

In 2010, SAEINDIA Off-Highway board was established, which seres all facts of Off-Highway mobility engineering related to all vehicles/equipment operated in rough terrain, mining, farm, and non-track e.g. agriculture, construction and defense. Since its inauguration, the board has been instrumental in focusing on the common issues related to Technologies of tomorrow and the talent pool and has organized several national-level events.

CALL FOR PAPERS

Authors should upload abstracts at
https://www.sae.org/servlets/techpapers/enterAbstractForPapers.do?method=formView&evtSchedGenNum=370699&prodGrpCd=ADMIN&evtName=OFFT
under MyTech Zone on or before 25 March 2023. Abstract should be limited to maximum 300 words, emphasizing significance of analytical / experimental study and originality of contribution with results.

Technical Paper Review Committee (TPRC) will evaluate the abstracts. Draft manuscripts of the selected abstracts will be invited for evaluation, according to SAE technical paper quality guidelines.

TOPICS

Product Design Development

- Design & Simulation
- Methods Development
- Fluid Power & Motion Testing
- Virtual Prototyping and Testing

Sustainability

- Engine / Powertrain
- Alternate Fuels
- Engine Efficiency Improvement
- Materials Hybrid and Electric Vehicles

Smart Factories

- Connected Factories
- Advanced Manufacturing
- Material Handling
- Additive Manufacturing
- Automation
- Machine Health

Customer Support

- Onboard Diagnostics
- Customer Support and Diagnosis
- Failure & Warranty Analysis
- Customer Data Analytics
- Product Health
- Digital Aftermarket and Customer Support

Advanced Technology

- Artificial Intelligence
- Fleet Management
- Connectivity
- Autonomy
- Cybersecurity
- Sensors and Controls

Submit your abstracts/ manuscripts early and get notified early!

GUIDELINES FOR AUTHORS

- Technical Papers should follow SAE technical paper writing guidelines as summarized in https://www.sae.org/participate/volunteer/author
- Papers accepted for publication and presentation in OffTeCON 2025 will be given SAE paper numbers and will find place in SAE database. Paper contents should not have been published elsewhere
